To whom it may concern,

I'm writing to give a brief synopsis of our relationship with Evolve Technologies (Pvt) Ltd based in Colombo, Sri Lanka.

We partnered with Evolve Technologies in early 2015 to provide bookkeeping, accounting and administration services to business based in Melbourne.

We have continued to work closely with the directors and staff of Evolve Technologies during the last three years. We are extremely satisfied with the level of service provided by Evolve and highly recommend their services.

Currently Evolve provides an array of services for our business clients which include accounts payable / receivable management, bank reconciliations, data entry, payroll and general administration.

The team at Evolve are highly knowledgeable on Australian statutory requirements and accounting standards. They are acquainted in the use of majority of accounting software which include MYOB, Reckon, Xero, Sage and Quickbooks.

Partnering with Evolve Technologies have enabled our business to grow aggressively and we hope to continue to work closely with them in the years to come.

We have no hesitation in recommending their services and if required I am happy to provide more details.

Kind Regards

Suren Dharmratne
